

# JOHNSONS NURSERIES

## Important Update

### Temporary Fuel Surcharge

Dear Valued Customer,

At Johnsons Nurseries, we remain dedicated to providing you with the highest quality stock and the reliable delivery service you have come to expect. However, the recent and unprecedented volatility in global energy markets has created a significant shift in our operational landscape, with fuel prices surging by 35% since early March.

While we have worked hard to absorb these fluctuations internally, the scale of this increase has made it necessary to introduce a **temporary 3% fuel surcharge** on all deliveries, effective **Monday 20th April 2026**. This measure is designed solely to offset the spike in transportation costs and ensures that we can maintain our delivery schedules and service standards without compromise.

We are monitoring fuel indices daily and wish to reassure you that this is a temporary adjustment which will be withdrawn as soon as market prices stabilize. We truly value our partnership and understand the cost pressures facing the industry today, and we appreciate your continued support as we navigate these challenges together.

If you have any questions regarding upcoming orders, please do not hesitate to contact our team.

Best Regards,

**The Johnsons Nurseries Team**
