

JOHNSONS NURSERIES

Reviewed March 2024

Procurement policy of Johnsons Nurseries Limited in relation to Xylella spp.

Based upon information currently available from DEFRA, APHA and other sources globally, Johnsons Nurseries Ltd. will not knowingly procure any plant material directly from or originating in an area that has had a confirmed outbreak of a Xylella spp. until the area has been declared free of the disease.

Currently, Johnsons Nurseries Limited excludes the areas below:

Italy – all regions

Spain – all regions

France – Provence Alpes Cote d'Azur (PACA), Corsica, Region Occitanie

Principality of Monaco

Portugal – Counties of Espinho, Gondomar, Maia, Matosinhos, Porto, Santa Maria de Feira and County of Vila Nova de Gaia

This statement is subject to amendment if deemed appropriate in the light of further information or legislation.

Should you have any questions in respect of Xylella and the position of Johnsons Nurseries Limited, please direct those to Commercial and Business Manager, Jonathan H. T. Whittemore jonathanw@johnsonsnurseries.co.uk
